

EDINBURGH SEAMLESS DOG SWEATER

#EdinburghSeamlessDogSweater

The Edinburgh Seamless Dog Sweater is worked from neck to tail with a single piece of yarn, using raglan increases. This sweater's no-sew design makes it a great all-around dog jumper that can be made in a variety of colors and styles. If you have any questions, please don't hesitate to reach out on [Ravelry](#) or [YouTube](#). Happy knitting!

Yarn

Worsted Weight Yarn (number 4 yarn). Premier Anti-Pilling Everyday Worsted in Steel and Mist and Bernat Premium Tweeds in Aran Tweed shown in pictures.

Yardage

Yardage is not provided for this pattern for two reasons: Firstly, since our furry friends come in all shapes and sizes, this pattern is designed to be highly adaptable; thus making it difficult to provide accurate yardage amounts for each size. Secondly, due to time limitations and this pattern being free, I unfortunately don't have the bandwidth to facilitate testing calls or test each size myself. For yardage approximations, I recommend checking out how much yarn others have used for their projects on Ravelry [here](#).

The size small that I made for my dog used 125 meters.

Thank you for your understanding!
